PROFESSIONAL PROFILE

Board-certified Emergency Medicine PA-C with nine years of experience across high-acuity emergency, urgent, and primary care settings. Recognized for efficient clinical decision-making, procedural expertise, APC team leadership, and measurable quality improvement.

LICENSURE & CERTIFICATIONS

Professional: NCCPA Board Certified (Current) • California PA License (Active) • DEA Registered
Life Support & Certificates: BLS, ACLS, PALS, and ATLS (Current) • Point-of-Care Ultrasound Certificate (2024)

PROFESSIONAL EXPERIENCE

Capital Regional Medical Center – Sacramento, CA Jun 2021 – Present
Senior Physician Assistant, Emergency Medicine

- Manage 20–28 adult and pediatric patients per shift across all acuity levels in a 45-bed emergency department.
- Perform complex wound repair, incision and drainage, splinting, reduction assistance, foreign-body removal, and point-of-care ultrasound.
- Led a fast-track redesign that reduced median door-to-disposition time by 18% while maintaining quality and return-visit benchmarks.
- Precept 14 PAs and PA students and created a structured onboarding pathway for newly hired advanced practice clinicians.

River City Urgent Care – Sacramento, CA Jul 2018 – May 2021
Physician Assistant

- Evaluated 25–35 patients daily for acute illness, minor trauma, occupational health, and preventive needs.
- Interpreted radiographs and point-of-care testing and performed laceration repair, splinting, drainage, and foreign-body removal.
- Co-led an antibiotic stewardship initiative that reduced inappropriate prescribing by 22% over 12 months.

Valley Family Health – Davis, CA Aug 2016 – Jun 2018
Physician Assistant, Family Medicine

- Managed 18–22 patients daily across preventive care, chronic disease, reproductive health, and same-day visits.
- Expanded standardized hypertension follow-up and improved controlled blood-pressure rates across the assigned panel.

LEADERSHIP, QUALITY IMPROVEMENT & TEACHING

Chair, Emergency Department APC Council – Capital Regional Medical Center 2023 – Present

- Lead monthly peer review, workflow, staffing, and practice-standard discussions for 26 advanced practice clinicians.

Physician Assistant Lead, Sepsis Quality Team – Capital Regional Medical Center 2022 – 2024

- Introduced an EHR checklist and feedback process that improved 3-hour sepsis bundle adherence from 71% to 91%.

Clinical Preceptor & Guest Lecturer – Pacific Valley University PA Program 2022 – Present

- Precept 4–6 PA students annually in emergency and urgent care and deliver case-based workshops on high-risk presentations.
